CRIME ON UNIONITES.

Police Hold Chicago Man for Murder.

Fitters' Business Agent Identified by an Eye-Witness.

Believed to Be Guilty of Another Killing in Union Warfare.

Four Also Arrested and Make Damaging Admissions to Police.

CHICAGO, May 29.—[Exclusive Dispatch.] Maurice "Boss" Enright, business agent of the Association of Steam Fitters, today was arrested by police and charged with the murder of Vincent Altman, shot in the back of the head by the Briggs House March.

Police are working hard to identify the killing of William (Dutch) Gentlemen in Pat's saloon May 22, and they believe that both murders are in a way to be cleared up.

Enright said tonight that he had been positively identified as the man who stood at the bar beside Altman when he was shot.

Enright also admitted that he had been in the saloon at the time of the shooting and that he had seen the man who shot Altman.

Enright and his chauffeur, Rosa, on sight, and the two were brought in during the afternoon.

Enright and Rosa were questioned separately.

BABE'S "DA DA" SAVED "DAD."

St. Louis Police Judge Permits Wife to Pass Sentence on Husband.

ST. LOUIS (Mo.) May 29.—[Exclusive Dispatch.] Ordered by Judge Kimmell in Police Court to pronounce sentence upon her husband, charged with cruelty and failure to support, Mrs. Henry Richard today listened to the incoherent plea of her 3-year-old daughter and set the head of the family free.

Attaches of the court witnessed the unusual procedure. Judge Kimmell escorted Mrs. Richard to the bench, and admonished her to fix punishment.

As she hesitated, the pleading "da da" of the child was heard.

Richard hung his head, grasped the child in his arm, and strode forward.

"Will you do better by me, Henry?" the wife asked.

"Give me another chance and I will," was the reply.

From an impending term in the workhouse, he left the courtroom with his wife on his arm, and carrying the child.

Separately regarding the Gentleman murder, Ross admitted that he drove Enright, Robert Gavney and Walter Stevens to a restaurant near O'Malley's saloon at noon on the day of the murder and that he was given orders to call at O'Malley's saloon for Enright about 3 o'clock in the afternoon.

He said he had the machine in front of O'Malley's at the appointed hour and that he dozed asleep while waiting. He was aroused by the noise of the shooting and he said a stranger came rushing out of the saloon and said: "Get that machine away from here."

GOING AFTER LUMBER MEN.

Federal Jury to Explore in Chicago Certain Phases of Their Business.

CHICAGO, May 29.—A special grand jury will be empaneled before United States District Judge K. M. Landis, June 5, to investigate "certain phases of the lumber business" with a view to prosecutions under the Sherman anti-trust laws.

A petition was presented by Judge Landis late today. The only information as to the scope of the investigation given out by the Federal District Attorney's office was that a definite plan of procedure had been mapped out.

The investigation will be conducted by a special grand jury.

MET WITH DYNAMITE.

Officers Blown Up Entering Home.

Melrose, Cal., Residence Is Veritable Arsenal Set for Explosion.

Building Wrecked, Constable and Deputies Seriously Injured.

Court Gave Wife Divorce and Property but Latter Is Now in Ruins.

AKLAND, May 29.—[Exclusive Dispatch.] Constables who forced an entrance to the home of Charles H. Pickard in Melrose this afternoon were met by an explosion of dynamite which dangerously injured Constable Al Kihn and severely hurt Deputy Sheriff Riley and McDonald.

The officers were armed with a writ of restitution from Sheriff Barnes's office.

Two more explosions followed the first and completed the destruction of the home.

Pickard's wife had recently been granted a divorce and the property had been awarded to her by the court. The police say that Pickard took this means of foiling the court's orders.

INGENIOUS DEVICE. Investigation showed that the explosions were brought about by the use of packages containing shotgun shells, slugs and dynamite, to which were attached wires connecting with revolvers and these in turn wired to all the doors, so that when the officers forced their way in they pulled wires which in turn exploded the charges.

Constable A. L. Kihn, who was the first to enter, received the full force of the explosion and was hurled backward with his clothing on fire and his shoulders shattered by small shot and slugs. Behind him came Deputy Sheriff McDonald, whose teeth were loosened by the force of the explosion and who was knocked almost senseless.

Fellow officers dragged the two men to safety just as three other explosions followed in quick succession. The latter explosions were evidently brought about by concussion from the first.

The officers were so busy caring for Kihn and bandaging each other's wounds that at first they did not notice the flames. The house was soon on fire and neighbors turned in alarm which brought the Melrose fire department. Neighbors say the house has been closed for the last three days, and that Pickard was last seen there a week ago.

TOLD OF DYNAMITE. Attorney Harry Inall entered the premises this morning in advance of the police squad from Sheriff Barnes's office to comply with the legal requirements. He found all the gates chained and padlocked and a ferocious dog on guard in the front yard.

This morning just before the officers entered the yard they talked to a man driving a fuel wagon. He told them that a man answering Pickard's description told of his trouble with the law and of his divorce, and that this fellow had remarked: "There is enough dynamite in that house to blow up the officers if they come."

Pickard is a machinist, and in the divorce petition was accused of extreme cruelty.

VERITABLE ARSENAL. Constable Kihn stated at the Receiving Hospital this afternoon that when he and the deputy sheriffs entered Pickard's house they found it to be a veritable arsenal.

In a tool-room Kihn located three loaded Winchester rifles and two boxes of cartridges, together with two loaded revolvers.

When Kihn turned a key in a closet door it set off the dynamite inside and the explosion was tremendous in its force. It blew Kihn and the deputy sheriffs, who were standing nearby, by head over heels backwards and they rolled clear across the room before they realized that they had been blown up.

It was stated at the Receiving Hospital that although Kihn's injuries were very serious, they were not fatal.

TORRES CAR ATTACKED.

Passengers En Route to Los Angeles Frightened by a Mexican Mob.

TUCSON (Ariz.) May 29.—A private car of the Southern Pacific placed at the service of Gen. Luis Torres, former Governor of Sonora, was attacked yesterday en route from Hermosillo to the international line by a mob and its windows shattered, but its occupants reached the United States without injury.

Accompanying Gen. Torres were former vice-governor Alberto Cullillas and former prefect of Hermosillo, Francisco Aguilar. It is understood that their destination is Los Angeles.

FOURTEEN DEAD, A SCORE INJURED.

TWO BURLINGTON TRAINS COLLIDE NEAR MCCOOK, NEB.

Denver and Omaha Western League Baseball Clubs Have a Close Call in the Smash-up That Is Said to Have Been Due to Someone Overlooking New Schedule.

(ASSOCIATED PRESS NIGHT REPORT.)

MCCOOK (Neb.) May 29.—Running fifty miles an hour, westbound train No. 9 and eastbound train No. 12 of the Burlington road came in collision, head on, at 7 o'clock this morning, three miles west of here.

Three men were killed and a score or more injured. None of the injured is seriously hurt.

The revised list of dead follows:

JOHN W. HYDER, Lincoln, Neb.; engineer.

DAMOREN, Lincoln, Neb.; fireman.

T. LEAHY, Lincoln, Neb.; engineer.

A. J. OHLSON, Lincoln, Neb.; fireman.

GEORGE FREER, Omaha, Neb.; express messenger.

FRANKLIN, Omaha, Neb.; express messenger.

ROBERT SHEPHERD, Holdrege, Neb.; traveling salesman.

CLARENCE A. HILSBACH, Holdrege, Neb.; traveling salesman.

T. H. BOWERS, Burlington fireman, traveling as passenger.

HARRY MC'COLL, Denver; salesman Continental Oil Company.

H. J. GALLEY, Gretna, Neb.; J. D. WILSON, Tobias, Neb.; MRS. H. H. CULBERTSON, Brimfield, Ill.

UNIDENTIFIED ITALIAN.

Mr. and Mrs. Hiram J. Fekin of McCook, Neb., scalded by steam, are not expected to live.

The Denver and Omaha Western League baseball clubs were traveling in Pullmans attached to the west-bound train. The car in which the Denver ball players were riding was thrown completely over. The occupants, all of whom were men, their berths were tossed into the aisle and beyond slight bruises and a broken tooth, which President "Jimmy" McGill sustained, they escaped injury.

The car occupied by the Omaha club remained upright and none of the occupants was injured.

The three forward cars of the two trains were smashed. The chair car of No. 12 was telescoped and demolished. It was in these cars that the victims were riding. Both engines were reduced to scrap iron and the crews doubled were killed instantly.

Many of the injured pinned in the wreckage were scalded by escaping steam from a burst pipe.

The dead and injured were brought to this city on special trains. Railroad men in trying to explain the collision say that a change of running time which went into effect yesterday, probably was overlooked, or forgotten by some one.

POPE LOSES PATIENCE.

Encyclical Published at Vatican in Which the Separation of Church and State is Deplored.

(ASSOCIATED PRESS DAY REPORT.)

ROME, May 29.—An encyclical addressed by Pope Pius to the Roman Catholic Bishops throughout the world, strongly deploring the anti-religious attitude of the government of the Portuguese Republic, was officially published at the Vatican today.

The Holy See, the encyclical says, has been patient up to now, but cannot longer keep silent, as the law of separation denies to Catholic citizens even common liberties. Such a law, the encyclical asserts, is a spoliation of material goods and a tyrannical oppression in spiritual affairs. Men are deprived of a fixed church in which to worship and the law even violates the will of testators.

Encyclical, the encyclical declares, are excluded by the law from organization of cult. It prohibits the publication of ecclesiastical acts; it forbids religious emblems; it encourages rebellion and the corruption of the clergy, pensioning those who have been punished by bishops or those living with women.

The law aims to detach the Portuguese Church from Rome, the encyclical says in conclusion, and therefore the Pope condemns it as null, it having no value against the inviolable rights of the church.

WILSON FOUND GUILTY.

NEW YORK, May 29.—Christopher Columbus Wilson, president of the United Wireless Telegraph Company, and his four associates were found guilty today on four counts charging misuse of the United States mails in soliciting stock subscriptions.

Resumption of river trade between New Orleans and St. Louis will occur with the inauguration of a steel barge service between those two Mississippi River ports next Wednesday.

Edward C. Green will make the first trip. The cargo will consist of 1500 tons of miscellaneous freight for St. Louis. The barge service will consist of weekly trips for a time, then there will be more frequent sailings.

The three forward cars of the two trains were smashed. The chair car of No. 12 was telescoped and demolished. It was in these cars that the victims were riding. Both engines were reduced to scrap iron and the crews doubled were killed instantly.

Many of the injured pinned in the wreckage were scalded by escaping steam from a burst pipe.

The dead and injured were brought to this city on special trains. Railroad men in trying to explain the collision say that a change of running time which went into effect yesterday, probably was overlooked, or forgotten by some one.

ASK CONFESSION OF BOER FIGHTER

May Save His Neck in Plot to Murder Madero.

Papers Involve Officer of a Coahuila Bank.

Galan Is Alleged to Have Backed Conspiracy.

(ASSOCIATED PRESS NIGHT REPORT.)

EL PASO (Tex.) May 29.—Daniel de Villiers, the Boer, who is being held here on a charge of conspiracy to kill Francisco I. Madero, Jr., may save his neck if he confesses the names of Mexicans implicated in the alleged plot. This was the declaration of Gen. Villjoen, his Boer countryman and Madero's military adviser, who last night filed the complaint against De Villiers.

"We have no doubt about the guilt of De Villiers, and also Dunn, who was arrested in Monterey yesterday," said Gen. Villjoen, "but we know these two men personally were not interested in the plan to hurt Madero. What we are after is the names of those who have been furnishing the money and plotting to kill Madero."

Gen. Villjoen tonight received a telegram from Detective William Smith, who arrested W. L. Dunn at Monterey, Mex., yesterday, stating that many papers were found on Dunn "showing that Adolfo Garza Galan, of the bank of Coahuila, in Ciudad, Porfirio Diaz, and others have been putting up the money to start trouble." Galan is a brother of Andres Garza Galan whom Madero claims was at the bottom of a plot hatched against him at San Antonio, Tex., recently, but was not prosecuted.

Senor Madero today sent a long telegram to Rafael Hernandez, the new Minister of Justice, explaining what Gen. Villjoen had told him of the activities of Dunn and De Villiers here, and stating that Rosendo Pineda, the scientific leader in Congress, and Andres Garza Galan and others had been mentioned by the two men as being implicated in the plan to start more trouble in Mexico. J. E. Wharton, attorney for De Villiers, stated today that the defense of his client would be that the plan which he was engineering here comprehended only a political movement and contained no criminal intent.

MOHMONS WANT JUSTICE.

If Mexico Doesn't Pay Rebel Notes They Will Appeal to Washington, According to Smith.

(ASSOCIATED PRESS DAY REPORT.)

NEW ORELEANS, May 29.—Mormon settlers in the State of Chihuahua, Mex., will press claims against the Mexican government aggregating more than \$1,000,000 for damages sustained at the hands of insurgents and bandits during the revolution, according to Joseph Smith of Salt Lake City, who was here last night en route to Washington.

Unless these claims are settled without delay, he said, the Mormons, who are under the mother church at Salt Lake, will take the complaint to the authorities at Washington. "The Mormons in Chihuahua have suffered more severely from the revolution than any other settlers," said Mr. Smith. "The rebels took what they wanted and gave notes. We now propose to see that these notes are met and unless Mexico is willing to pay, we will ask the United States government to see that we get justice."

SUFFERED ONLY SLIGHTLY.

(ASSOCIATED PRESS DAY REPORT.)

SALT LAKE CITY (Utah) May 29.—It is stated by the first presidency of the Mormon church that the filing of suits against the Mexican government for damages sustained by Mormon colonists in Mexico is not in contemplation, but as a matter of fact the colonists have suffered only slight loss of property, having preserved a strict neutrality.

DIAS HATES TO LEAVE.

And the Only Reason He Booked Passage for Spain Was to Please Women of His Household.

(ASSOCIATED PRESS NIGHT REPORT.)

VERA CRUZ (Mex.) May 29.—Ex-President Porfirio Diaz does not wish to leave his native land, and is only doing it, it became known today, because the women of his immediate family persuaded him to take passage for Spain. He regards the trip as a piece of foolishness.

The ex-President's wish is to retire to a ranch in his native State of Oaxaca.

Gen. Diaz's face is still inflamed, the redness extending to his eyes. He talks in whispers, but is now able to eat solid food.

President Diaz spent several hours on the veranda of his house here today receiving among others a few other persons, William W. Canada, the American consul at Vera Cruz, who has been a friend of the ex-President for fourteen years.

Last night a demonstration which was started during a concert in the Plaza, while lauding Madero for the success of the revolution, was accompanied by an undertone directed against Diaz, but ended harmlessly.

REYES AND MADERO.

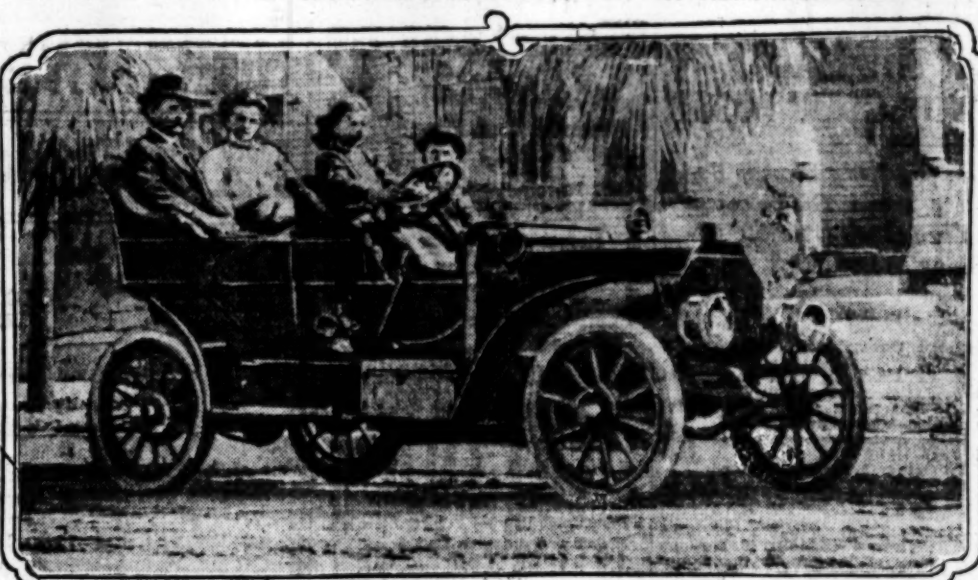

Meeting Is Arranged At Which the Two Mexicans May Reconcile Their Differences.

(ASSOCIATED PRESS NIGHT REPORT.)

JUARIZ (Mex.) May 29.—Gen. Bernardo Reyes and Francisco I. Madero, Jr., may soon reconcile their political differences. This is to be the object of a meeting between them in Mexico City next week, arranged today by Heriberto Barron, a Reyes envoy from Havana. Barron was originally a Reyes supporter, but has been booming Madero recently and his visit here was to prevent friction between the two men when they arrived in Mexico City. Barron explained that Reyes had no Presidential aspirations and brought a letter from Reyes to support his argument. Madero replied that if Reyes came back to Mexico in favor of the new regime and willing to help in the rebuilding of the country he would be well received.

Victims of Sunday's Horror and the Auto That Was Wrecked.

A photograph made a few minutes before leaving their Long Beach home on the fatal excursion where five lives were snuffed out and a sixth may follow. Mr. and Mrs. Kaufman (both dead) are seated in the rear of the machine; Harry Kaufman (dead) and his sister, Hazel (dying), are in front. Below are Mr. and Mrs. Hollingsworth, both of whom are dead.

For Public Safety.

AUTO CLUB MAY TAKE ACTION.

TO PREVENT REPEITION OF SUNDAY'S HORROR.

Officials of Organization Declare Strongly in Favor of Measures for the Protection of Motorists at Crossings—Sixth Victim Still Alive but Sinking Slowly.

Horrified by the calamity which overtook the members of the Kaufman and Hollingsworth families of Long Beach, whose lives were snuffed out Sunday afternoon, when the automobile in which they were riding was struck by an electric car at Downey road, officials of the Auto Club of Southern California yesterday declared that prompt and vigorous action should be taken to prevent similar tragedies in the future.

President Fred L. Baker and Miss S. C. Geary, secretary of the club, say that the Downey road crossing is a blind one and that motorists are at the mercy of chance in employing it.

President Baker suggests that at this and similar crossings the roads can be cut out so that automobiles can go under the car tracks. Miss Geary declared that much could be accomplished to remedy dangerous conditions if property owners were compelled to keep their orchards trimmed. She stated that efforts had been made to have the people at this crossing prune their trees, but they had failed to do so. Whittier autoists are co-operating with the local members of the club, and official action will probably be taken at the next regular meeting of the organization.

The following statement was issued yesterday by officials of the Pacific Electric Railway Company: "The Pacific Electric fully understands that it is the duty of a public service corporation to give protection as well as comfort and speed to the traveling public. It is for this that the Safety League was organized and lectures were placed in the public schools. The Pacific Electric has issued two separate books within the past month to the trustees concerning accidents and their prevention.

"To make this work an absolute success, the public must do its share. Speed is required of the transportation companies in bringing to the outlying districts and to this end high-power cars have been installed.

"The Automobile Club of Southern California has been doing its part of the work by placing warning signs near the grade crossings. Three times within the past year accidents due to collisions between cars and trains have resulted in the death of at least a total of ten persons. In each case the driver of the automobile was either a new driver or a driver who had just come to Southern California and had purchased the car within a few days. "The reports of the company show that very few accidents take place where auto drivers are experienced. Every effort has been made by the Pacific Electric Company to avoid accidents and the work will go on. In view of the terrible lesson which has been read within the past two days it is advisable that the public should aid us to the extent of their ability.

At an investigation held by the Pacific Electric Railway Company yesterday morning, Motorman H. C.

Linda and Conductor George Hughes were exonerated from responsibility for the accident. It was testified that, while the conductor was notifying officials of the accident, the motorman was trying to adjust the fender of the car, so that it would be possible to take the injured back to Whittier immediately. The fender was smashed in the collision with the automobile and portions of it were bent downward, making locomotion impossible.

A coroner's inquest will probably be held over the bodies of the five dead Thursday morning at 10 o'clock. The bodies were brought from Whittier to the morgue of Pierce Brothers. It is likely that the bodies of the Kaufman family will be shipped to Omaha, Neb., for burial. Whittier relatives will probably look after the burial of the Hollingsworth family.

Hazel Kaufman, the only surviving member of the two families, was again operated upon at the Whittier Hospital yesterday morning. She is still unconscious and it is feared that she will be subject to an attack of meningitis. Her death is believed by the physicians to be only a matter of hours.

NEWSPAPER PLANTS.

Fire Chief Eley Makes an Inspection and Reports to the Fire Commission.

Fire Chief Eley, who made an inspection of the newspaper plants of the city, filed the following report with the Fire Commission yesterday: "The Times Auxiliary, located on San Fernando street, two-story brick building on first and second story barred outside, and commercial wire inside. The bars on outside of windows were placed on building, which was originally a warehouse, before The Times occupied it. On the ground floor there are adequate exits for the employees, with the exception of the linotype room. Recommendations: That the bars on windows on second floor be removed so that employees would have a clear exit in case of emergency; also that an exit be placed on the east end of the linotype room, and at the southeast corner, thereby providing the employees with two means of escape at this end, in place of one. Found exit at northwest corner of linotype room blocked by table, and ordered same removed, which was done.

Times commercial printing plant, South Broadway, between First and Second streets. Two-story brick building. One-story rear. Found one-half of side exits to court in rear of building. The rear of building is a narrow alleyway, and one of the exits is blocked by a table. Found a steam pipe about twelve inches above floor, running across doorway, which would cause people to stumble, and block exit. One-story exit to Broadway O. K. All windows to printing room barred up on the outside and impossible for any one to escape by windows. Ordered side exit cleared, and steam pipe placed on floor, which manager promised to do at once. Also ordered hinged panels in iron bars to be placed in one window on north side, and two windows on south side of room to provide ample means of escape. These two buildings were the only ones found with barred-up windows.

The Los Angeles Herald, 134 South Broadway. Equipped ground floor and basement of this building with adequate means of escape by way of windows and exits, with the exception of the stereotyping room, where I would recommend that a short ladder be fastened on the wall from floor to window sill at east end of room, making window easy of access to court outside.

Los Angeles Examiner. Five-story brick and basement. Equipped with fire escapes front and rear and stairways with several win-

dows opening to roofs of adjoining buildings, equipped with fire extinguishers and hose. Found exit to passenger elevator blocked, also exit to fire escape balconies on second floor blocked. Same was immediately rectified on notifying manager. Los Angeles Record. Two-story brick. Adequate means of escape by exits and windows.

Los Angeles Express. Four-story brick and basement. Equipped with fire escapes on side alley and rear of building. Equipped with hose and fire extinguishers. Adequate means of escape from building by means of fire escapes, elevators and interior stairways.

[Dated] May 29, 1911. ARCHIE K. ELEY, Chief.

[The Times prints Chief Eley's report verbatim, without distorting it either in text or headlines, thus avoiding the vicious example of the dishonest Evening Express, which never loses an opportunity to vilifyously lie about The Times whether speaking of its circulation, its utterances, or its management. It is impossible for the Express to tell the truth, or even truthfully present to its readers an official report.]

SPANISH WAR VETERANS.

A notable part of the memorial programme for today will be supplied by the United Spanish War Veterans, who will form at Eighth street and Broadway at 10 o'clock a. m. and march to Central Park, where their services will be held at the Volunteer Soldiers' Monument. The address will be delivered by C. L. Logan, with invocation by Rev. Will Knighten, patriotic music and singing. All war veterans are cordially invited to be on hand to participate.

How About your Clothes?

Our Firm Name Stands for just this:—

It is the first word in clothes—and the last. It is authoritative, critical, final. It is an arbiter of fashions, a criterion of style. It is a sort of supreme court decision in the judiciary of tailors. A garment bearing a J & K label is distinctive and unusual, or it would not bear that label. It embodies the best thought and the best handwork of craft. It is a painstaking product of an organization that admits of no superior in the art of making clothes.

Coroner's Jury Holds Him Responsible, and Complaint Charging Murder Will Be Asked by the Police Today—Dead, Patrolman's Father Keeps Eyes on Slayer.

Patrick H. Kelly, who shot Patrolman Crusey last Thursday night was held responsible for the latter's death by a coroner's jury yesterday afternoon. A complaint charging murder will be asked by the police today.

It was stated at the inquest that Kelly wheeled about and took steady aim before he fired at Crusey, and the wound was not inflicted by a chance shot from his gun. The deliberations with which he fired were murder, the only charge that can be placed against Kelly. John E. Crusey, the dead officer's father, was one of the witnesses called at the inquest. Throughout the proceedings he kept his eyes steadily upon the man who had shot his son. Crusey's funeral will be held at 1:30 tomorrow afternoon at Breese brothers' undertaking establishment. Mr. H. B. Clark of the Edendale Methodist Episcopal Church, will officiate.

An honorary guard of twenty-five policemen will accompany the body to the grave in Redondo Cemetery near Leimhaugen of the East Side section will be in command.

HOLTVILLE, May 29.—City Trustees of Holtville have taken a novel method of enforcing the collection of the occupation tax. Various business men have evaded the collection of this tribute, on which the city depends to a considerable extent for its revenues. Now the trustees have determined that the salary warrants of City Clerk, City Attorney and City Marshal are to be held up until these offenders enforce the collection of the occupation tax.

BREAKS PLATE WINDOW.

ALHAMBRA, May 29.—At an early hour this morning the three large plate glass windows in the front of the store of the Alhambra Drug Company were badly shattered by vandals. The damage was clearly premeditated as shown by the fact that the large rocks were wrapped in old newspaper to deaden the sound. There was no attempt at robbery and it is thought the act was committed by someone with a grudge against the proprietors of the Alhambra Drug Company, Mr. M. G. Lucas.

Blind Man in the Lead

Announcement of Score to Date Shows But Little Difference in the Points of the First Twenty.

The announcement Sunday of the supplemented list of prizes in the Los Angeles Times Greater Contest has stimulated the contestants and brought many inquiries from prospective contestants.

The announcement in this issue of the standing of the contestants at 3 o'clock yesterday afternoon, will be of greater interest to them and their friends.

A glance down the column shows the little difference between the leaders. These figures shift from day to day as reports come in from the outside towns, and as business that has been secured is turned in after a few days holding.

This morning A. S. Burns, a blind man, leads. Mr. Burns was a contractor until he lost his sight three years ago. He has a charming wife and a young son, who has been of great assistance to him in his fight since his affliction. Mr. Burns has long been a member of the I. O. O. F. and has many friends both in and out of the order. He is in to win, and says he and his dog will travel as fast as the best of them in this race.

A. S. BURNS, THE BLIND CONTESTANT.

Mrs. H. W. Cole, an elderly lady, follows Mr. Burns, and is close up. She has made up her mind to land among the winners and from her manner of starting her prospects seem good.

H. F. Barton of Glendale trails along close to the first two. Indeed, the number of points separating the ranking of the first three contestants is so small that their scores are likely to vary up and down several times a day. Barton is a live one, and whoever beats him to the tape at the end will have to go some.

Miss Lillian Blood, stenographer, employed in the Security Building, holds fourth place by a margin over William Sherman Hall of San Fernando and Pasadena, while Robert Neiman of Highland pushes them so close that one subscription order will make a new tabulation.

Thus they rank down the line, with no great lead by any one, and surely no lead that is likely to stand more than a day at a time. These standings will go up and down, and up and down, during the contest, so it is never too late to take a part.

You may enter now and take high rank by a little intelligent work. It is not difficult.

Think of the rewards. A first prize of TWELVE THOUSAND DOLLARS IN CASH. Twenty other prizes worth from \$1000 up, each are in the list.

Almost any one can come within the long list of winners that must be in at the finish. So why not get in now, while the game is young? There is room for all and a big reward for the leaders.

Read over the prize list again. Digest it. Figure out what you ought to be able to do, and DO IT. You should be able to estimate how much you are able to accomplish. Compare your own ability with what is shown by the results of others; and if you are not afraid of yourself, GET IN AND WIN.

THIS WEEK'S PRIZES.

All points secured by subscriptions turned in between noon on last Saturday and noon next Saturday will be counted on this week's prizes.

There are two of these prizes—one for male contestants and one for the female contestants. They will be for those who have scored the highest number of subscription points during the week, and will be \$25 in cash each.

You do not have to secure any specific number of points, or any certain number of dollars. All that is required is that you do MORE THAN ANY OTHER CONTESTANT for the same length of time.

THE JUNE PRIZES.

Two prizes under the same conditions as the award of the weekly prizes, will be offered for the month of June, beginning on the first day and ending at midnight on the last day.

These two prizes will be divided into three parts each. A first, second and third prize, for the man or boy; and for the woman or girl, as the case may be.

Watch for this announcement, which will be made tomorrow.

All points scored in the month apply both on the weekly and monthly awards; and all scored in both instances will count on your grand totals.

YOU HAVE AMPLE TIME TO FILE YOUR NOMINATION FOR THE JUNE PRIZES. DO IT AT ONCE.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

TICKET PLACE ON THE MOVE.

Pacific Electric Office Is to Have New Location.

Great Barbecue Planned for Medical Association.

Policemen Sore Over Disposal of Dog Money.

(Office of the Times, 25 S. Raymond avenue.)

PARADEVA, May 29.—Day after tomorrow, June 1, the Pacific Electric ticket office will be removed from its present location in the Dodsworth building, corner Fair Oaks avenue and Colorado street, to the Southern Pacific depot, corner East Colorado street and Broadway, or two blocks east of the old site.

This announcement was made late yesterday afternoon. In fact, the officials of the company, Vice-President Shoup and General Manager McMilling, did not really decide to make the move until yesterday afternoon. The matter has been hanging fire several months, but definite conclusions were not reached until the last moment. The lease on the Dodsworth building, where the ticket office has been maintained several years is to expire June 1, so the company was compelled to do something. It was announced a few days ago that the old office would be released a month at a time until further arrangements could be made.

With the prospects that the office would be changed, merchants and property owners around Fair Oaks and Colorado streets and all along West Colorado street, where considerable building has been done for the last year, have been waiting for the intention of trying to prevent the move, if possible. It is generally believed that the officials acted almost on the spur of the moment to head off any concerted move on the part of property owners to prevent the moving of the ticket office and open-air waiting-room.

However, the crucial moment has arrived, and beginning tomorrow the office furniture and ticket case will be moved to the new location at the depot. For the present the old ticket office will be used jointly by both the steam and trolley lines. Later the old baggage-room will be torn out to make room for the additional office facilities. The new waiting-room will be enlarged and the restroom facilities will also be enlarged to take care of the additional passengers. It is probable that the offices of the officials will be moved upstairs in the depot.

For the present, that is, for the next week or so, there will be no change in the routing of the cars. The new ticket office will be convenient for the Oak Knoll line cars, but rather awkward for the Short Line passengers, and it is likely that the street corners will be utilized by the passengers while waiting for their cars. However, in time the routing of all cars will probably be changed to suit new conditions. There is some talk of running the Broadway tracks out across the sidewalk and connecting with the Colorado-street tracks, making a convenient switch and then running the Short Line cars from Raymond avenue across to Broadway on Bellevue drive, where the California street cars now run, and then running the California-street cars straight north on Raymond avenue to Colorado.

However that may be, Pasadena is to have a suitable waiting-room for street-car passengers, which will be a convenience much needed.

MEMORIAL OBSERVANCE. Everything has been made ready for a fitting observance of Memorial Day. Early this morning the members of Godfrey Post, G.A.R., and the Women's Relief Corps, Company 1, Seventh Regiment, N.G., Sons of Veterans and Spanish War Veterans, headed by the Crown City Band, will parade the streets to Library Park, where the exercises will be held. The address will be delivered by Comrade Belmont Perry. The afternoon will be devoted to decorating the graves of soldiers in Mountain View Cemetery.

ANNUAL RALLY CELEBRATED. The annual rally of the various societies of the Pasadena Christian Endeavor Union was held last night at the United Presbyterian Church. Reports of the work done in the past year were made by the secretaries of the different societies. The principal address of the evening was delivered by Tom Haney, assistant State evangelist superintendent. It was announced that Pasadena will send a big delegation of workers to the State convention, which is to be held in Santa Ana June 7-11.

PLANNING BIG BARBECUE. The big barbecue which is to be held in Buch's Sunken Gardens June 23, when 6000 members of the American Medical Association will be fed at one time, will establish a barbecue record for Southern California or any place else. It is not to be an old-fashioned cow ranch barbecue, nor one of the modern, up-to-date kind where chile and frioles are served on clean glassware and will drink from clean glasses and will have knives and forks to pass the roast beef from their plates to their mouths. Vegetables will be served in the form of choice salads. No expense will be spared to make it the most elaborate affair ever given anywhere. The barbecue is to be given at the expense of Adolphus Buch and his complimentary staff of waiters. He has given directions to make it the most sumptuous ever given. All arrangements for the "big feed" have been placed in the hands of D. M. Linnard.

IS FOR SUNDAY AMUSEMENTS. H. H. Klamroth, justice of the peace and a leader in civic betterment, is out for some form of innocent Sunday amusements to entertain the young people of Pasadena Sunday afternoons. He says that he finds the young men and women loafing around and doing nothing, and even if they have to go a long way to find them, and as a result many of them fall into bad company. As a remedy he advocates baseball and other forms of sport which are attractive. He says that he has not as yet outlined any particular amusements, but gives out the suggestion hoping that some general move may be made along lines which will be

beneficial. It goes without saying that Justice Klamroth will be severely taken to task for his advanced ideas, as they are termed, but he says he is willing to stand behind his guns. Sunday amusements of all kind have been severely fought in Pasadena for years. Bitter warfare has been fought against Sunday band concerts, Sunday theaters and other amusements.

DOG MONEY GONE.

Patrolman C. E. Peck is now almost sorry he fired John Vacher Elliott's dog. Elliott is one of the Police Commissioners. Several months ago he lost what he calls a very valuable dog. He advertised everywhere and offered an open reward of \$25 for the return of his beloved canine. All the policemen combed the city with "fine toothed combs" and finally Peck found the dog, and returned it to Elliott, who promptly paid over the \$25. Peck's course, supposed he would get his merited reward and began speculating what he would do with the money. He planned new clothes, for himself and his boy, a trip to the beach, and other things. The rules of the police department, made away back in the dim and misty past, requires patrolmen to turn reward money to the office. Peck followed instructions thinking he would get the money. But he was disappointed. At the meeting of the Police Commissioners yesterday morning the chief of police said the money is needed for making some minor improvement in the police department, and the commissioners, seeing a chance to save a few dollars for the city, promptly agreed to it. Now there are things being said by the patrolmen and it was with saddened heart that they went to work last night because they feel they need the open reward money or at least a part of it as has been the custom for years, not only in Pasadena but elsewhere.

NEWS BRIEVITIES. It is said Mayor Thum is having difficulty in getting anyone to serve on his proposed new temperance commission. There are oceans of people here willing to give advice on the temperance question but few who are willing to serve on the commission. A delegation of Pasadena people would like to visit Los Angeles and talk over the plans for establishing the proposed Harriman College. The Pasadena believe they have a number of choice locations for such a college.

The Executive Committee of the Komical Knights of the Karnival met last night and worked on plans for giving a Fourth of July Celebration at Tournament Park. The Pasadena Driving Club will hold a driving match this afternoon at Tournament Park. A number of the best horses in Southern California have been entered for the race. The pace, the last event on the card will be one of the best races ever given at Tournament Park. Among the horses entered are Mosher's "Steve Bailey," "Don Pronto," "Isabella" and "Dolly Zombro."

SQUATTERS LOSE LAND TO BAY.

DREDGE ENDING LONG FIGHT FOR POSSESSION.

Section Operations Take the Ground Out From Under the Pictorial Posters. Who for Many Years Have Resisted Attempts of Corporations to Dislodge Them.

SAN PEDRO, May 29.—Squatters who for fifteen or twenty years have lived along the narrow picturesque strip of sand at East San Pedro popularly known as "No Man's Land," and have successfully resisted the attempts of corporations and other outside interests to dislodge them, are threatened with the loss of their property by an entirely new agency. The government dredger San Pedro, operating along the Salt Lake wharf, dredging the inner-harbor channel to a depth of thirty feet, has undermined the frail filling on which many of the shacks and boat houses are built, and they threaten to topple into the bay. The dredge is operating nearly 100 feet away, but the suction is so great that it rears back and under the quiet residences of the squatters.

Early Thursday morning the front end of the Larsen boat house fell in, entailing a loss of several hundred dollars and last night a small cottage owned by E. T. Scholler and another boat house followed suit. For years "No Man's Land" has been the object of much personal and legal conflict. Some years ago, the Salt Lake Railroad attempted unsuccessfully to dislodge some of the squatters. It was no unusual thing to see some old-time resident standing guard in front of his shack with a shot-gun, ready for action, close at hand. Many disputes among the squatters themselves occurred, relative to their respective ownership of various portions of the land.

The municipalities of Long Beach and San Pedro, both conceived an idea at the same time, that the territory of "No Man's Land" would be a desirable addition. Separate annexation elections were held and law suits resulted. The lower courts awarded the territory to Long Beach, which had extended its city limits some nine miles, to reach the coveted piece of water frontage. The case was appealed, and finally the Supreme Court awarded the territory to San Pedro.

Following the consolidation of San Pedro with Los Angeles, the territory passed under the jurisdiction of Los Angeles. Within a space of four years "No Man's Land" was turned over to the city of Los Angeles county, Long Beach, San Pedro and Los Angeles city. Suits for the recovery of taxes and licenses paid by the unfortunate squatters to the city of Long Beach are still pending in the courts. Apparently, after all these years of tribulations, the reign of the squatter is at an end. They have occupied the land only by sufferance of the United States, and for these later damages have no legal recourse. The march of harbor improvement and improvement is destined finally to obliterate "No Man's Land," and the many quaint and peculiar characters who make up its population will have to move on and find homes elsewhere.

CHECKS FROM STRANGE SOURCE.

HANDSOME AMOUNT COMES TO A RETIRED DETECTIVE.

His Name Is That of the Payee but the Name of the Sender Greatly Puzzles Him—Thrifty Setting Hen Steals Eggs From the Nest of Another Chicken.

LONG BEACH, May 29.—Charles F. Ryan, a retired Pinkerton detective, now living at Fourth and Locust streets in this city, is puzzled over the contents of a letter he received yesterday, containing two checks, aggregating \$1750, which though plainly addressed and made payable to him, were probably not as intended. One of the checks is for \$1500, drawn on the Seaboard National Bank of San Francisco, by S. F. Lindsay, in favor of C. F. Ryan, and the other check, for \$250, is drawn on the same bank by the same party, and in his favor. The letter was sent from Kingman, Ariz. It contained a note, the contents of which read like a threat to Ryan. It was addressed to Ryan, at No. 74 Newhall Building, Los Angeles and forwarded here by his sister.

"I am C. F. Ryan all right," said the veteran detective, "but I can't imagine who S. F. Lindsay can be. Of course I hope it is from some one whom I have done a good turn for some time in the past, but I don't think it likely."

The postoffice authorities will be asked to trace the letter back.

MEMORIAL EXERCISES. The memorial Day exercises tomorrow will be along the same lines as those of last year, opening with a parade of the patriotic societies and school children, the decorating of the monument to the unknown dead, strewing the waves with flowers for the sailor dead, and exercises in the auditorium, with Dr. Henry Rasmus delivering the principal address. In the afternoon the G.A.R. and W.R.O. will decorate the graves of both the G.A.R. and W.R.O. members.

GOVERNMENT COMPETITIVE.

Postmaster Hirsch has been notified by the first Assistant Postmaster-General to secure a renewal of terms from the various substation agents, and, Park and Main streets. Hirsch is directed to get bids from other stores near existing stations, and to submit a drawing card for the store handling the business.

Dr. Guy M. Ruff, a local dentist and a chicken raiser, is not at all puzzled over the thieving propensities of one of a pair of Orpington hens, which he gave a setting of thirteen eggs each the same day, to hatch out. Several times of late one hen was found to have from twenty to twenty-three eggs, while the other had only the remaining ones of the twenty-six. Ruff accused his children of tampering with the nest, but they denied it. Yesterday Ruff watched his coop all day and was rewarded by seeing the hen drive a chicken from its nest and then proceed coolly to roll the eggs of the unoccupied nest, one by one into her own until she had twenty-three eggs. The hen then proceeded to sit on the nest, and Ruff was forced to roll the eggs of the unoccupied nest, one by one into her own until she had twenty-three eggs. The hen then proceeded to sit on the nest, and Ruff was forced to roll the eggs of the unoccupied nest, one by one into her own until she had twenty-three eggs.

The launch Dorothy L. returned this morning from a trip to Catalina, which the party chartering the boat reached after drifting nearly all of Saturday with a disabled boat, for several days. They finally reached Johnson's Bay and after repairs were made started on their return trip. The launch was a little over a week in the water, and the party when they arrived home were wet, tired and hungry and most of them suffering from sea sickness.

A Bible institute began tonight in the First Baptist Church. It will continue tomorrow. There are several noted Bible students in attendance, among them Dr. J. R. Pratt, Dr. "Coke," J. S. Mahan and Robert A. Hadden of Los Angeles. Acting on the suggestion of the school board, the ball game between the alumni of the G.A.R. post, because scheduled for tomorrow has been called off in deference to the opposition of the local G.A.R. post.

Planes are on foot looking to the test of May 29, two to three miles of a site of thirty acres, on Signal Hill for the proposed memorial university which also expects to build in Southern California. George W. H. Hadden, who owns considerable property on the hill, is the principal one in the proposed donation. The site is on the summit of the hill, 244 feet above sea level and from which twenty-seven cities and towns can be seen. It is valued at \$100,000.

George L. Squires, a retired manufacturer of Cincinnati, O., who came here last November, died last night at the family home on Fourth street. He was a native of Ohio, and 87 years of age. He leaves a widow, and one son.

WOULD SELL A SCHOOL SITE.

South Pasadena Officials Boosting Project to Locate Normal School in Highland Park. SOUTH PASADENA, May 29.—South Pasadena officials and citizens are boosting the project of J. C. Williams to sell to the Los Angeles Board of Education a site of twenty acres at Avenue Fifty-two and Echo street, Highland Park, for a Normal School. The local Board of Trustees will endorse the project. The location of the school there would be a benefit to South Pasadena, and is easily reached by the car lines from here.

NEWS BRIEFS.

Memorial Day exercises will be held Wednesday morning in the Highland Park School, and appropriate features are being arranged. Tomorrow will be a day of school and city schools. The local meeting of the Lincoln Park Parent-Teachers' Association was held in the Lincoln Park school house yesterday afternoon. ATTEMPTED DYNAMITING BRINGS OUT A SURPRISE.

Grand Jury Finds Indictments Against Three Labor-Union Walking Delegates, Including One Whose Name Had Not Been Heard in Connection With Hall of Records Case—Suspects Held.

THE grand jury investigating the attempt to dynamite the Hall of Records yesterday returned indictments against F. Ira Bender, a member of the Blacksmiths' Union, and A. B. Maple, a member of the Bridge and Structural Ironworkers' Union.

ent investigation into the dynamite attempt a third person was mentioned, and this man was sought. Detective Browne of the District Attorney's office took up the search and for several days haunted every place where Maple or Connors had been.

Unionites Indicted by the Grand Jury Yesterday for the attempted dynamiting of the Hall of Records. Connors and Maple are members of the Bridge and Structural Ironworkers' Union, Bender is a member of the Blacksmiths' Union. The latter, whose arrest caused a sensation in unionist circles, is alleged to have been the third man who carried twenty sticks of dynamite into the Hall of Records at the time of Connors' encounter with Patrolman Abel. All three men were held in \$25,000 bail by Judge Bordwell.

Union, charging them with complicity in the attempt to destroy the building last September. The accused men, all walking delegates, were taken before Judge Bordwell in Department Nine while the grand jury filed its report. Judge Bordwell consulted with Deputy District Attorney Horton and then fixed the bail for each at \$25,000. The three prisoners were taken to the County Jail.

The arrest and implication of Bender came as a surprise. Up to yesterday morning Bender's name had not been publicly mentioned in connection with the case. He was being sued for divorce in the same building where the grand jury was in session. Bender is alleged to be the third man who was carrying a large amount of dynamite, reported to have been twenty sticks, at the time Police Officer Abel had his encounter with Connors in the alley of the Hall of Records. When the dynamite attempt was made Connors and Maple were arrested. Bender was not heard of in the matter. Connors and Maple were not held on the charge at that time because insufficient evidence was adduced.

When Connors was arrested Maple was soon believed implicated in the alleged plot, and ordered to hold himself in readiness in the ante-room of the grand jury. Still Bender was not discussed. An effort was made to have a secret conference between the Board of Public Works, the Council and the

IN THE WRONG PLACE.

Pupils Who Burn Midnight Oil on Lawns Instead of Over Books Suspended by Governing Body. Because Harold Wagner and Marshall McComb, Manual Arts High School pupils, burned the midnight oil on the campus instead of over books at home, they were suspended yesterday by the Self-Government Committee of the institution. In company with Ralph Riley, a former Manual Arts pupil, and George Harker, formerly in Polytechnic High, they took five gallons of gasoline to the former school in Harker's automobile, Sunday night, and branded the grass with their own names. Special policemen who happened to be in the vicinity saw Wagner running across a vacant lot near the school and stopped and questioned him. They searched him, took his name, and let him go. After the blaze the four culprits were quickly found and confessed. Principal Wilson and the officers using Wagner's name and presence in the vicinity as a clue. Superintendent of Schools is to determine whether the suspension shall be permanent. On account of the serious nature of what the boys seemed to consider a prank, the facts have been referred to the District Attorney.

OUTLOOK FINE FOR SUMMER.

SOUTHERNERS ARE DUE HERE IN TRAINLOADS.

Tourists and Excursionists From Below the Mason and Dixon Line Recognizing Southern California as the Logical Summer Resort. Hotel Men Busy Next Month.

The sunny South is beginning to recognize Southern California as the logical summer resort for the States below the Mason and Dixon line. This is evidenced in the announcement received by several of the local hotels of the coming of ten special excursion trains to Los Angeles during the next three months.

The first train will arrive about the middle of June, carrying at least 200 persons. A stay of one week is planned in Los Angeles and a day each in all of the resort places along the coast to San Francisco. That city will hold the excursionists for only two days, according to the programme.

The trips will be known as the Radner excursions, planned under the management of Radner University, Nashville, President A. E. Radner will be in personal charge of the first train which will come over the Santa Fe.

In addition to these visitors the hotel men are getting ready for the big American Medical Association convention June 24 to 26. There will be at least 5000 in attendance. Conditions will be further crowded by the influx of those who will attend the International Sunday-school convention, to be held in San Francisco from June 20 to 26. Most of the tickets being sold in the East for this convention in the northern city are made out via Los Angeles on the return trip. There will be 12,000 at the Sunday-school convention at the lowest estimate.

In addition, members of the American Turner Association, which is convening here as a national organization, are making reservations for dates from June 23 to 26. According to an officer of the local Turnverein, about 2000 of the leading Turners of the United States will be here. This means that the Los Angeles hotels will be taxed with the care of at least 15,000 visitors at one time, added to the large number of annual visitors from southwestern States.

RIVAL FACTIONS IN ACTION. Appear Before Supervisors for and Against Annexation. With Hint of Breweries Backing Incorporation.

Belvedere will vote on its project to incorporate before it settles whether or not it wants to be annexed to Los Angeles. This was determined yesterday when the Board of Supervisors instructed the County Surveyor to get a description of the proposed municipality, cutting off some of the farm land included originally in the limits proposed for the city. The name will be changed to Harlan, if the incorporation goes through, as there is another Belvedere on the State postal lists.

Rival delegations precipitated action by fighting out the matter before the board. F. C. Wright appeared for the annexationists. He said the district north of Aliso street was in favor of union with Los Angeles, and feared that incorporation would mean a wide open town, backed by the brewery interests.

Barley Shaw, speaking for the other faction, said that they did not wish a large country-side to vote them into the city against their will. He proposed that the election on incorporation be held at once, instead of waiting for the annexation ballot, as Wright proposed.

NEW GARBAGE CRISIS ON AN UNHAPPY BASIS.

ANOTHER crisis has been reached on garbage. Because of it the city may be begging in a few days for some one to take over the job. The Board of Public Works notified the board of the company that it cannot go further with the contract on the present basis, and the board has notified the company that the present basis cannot go on further.

The board insists that the work must improve and meet the specifications, and the contractor asserts that it cannot be improved for the amount of money received.

An effort was made to have a secret conference between the Board of Public Works, the Council and the

After a Come-back.

HE PURSUES HER FAR FOR GEMS AND MONEY.

In a Long-Chase Suit. Franklin A. Gillis and Mrs. Orlando O. Thorne, principals in a sensational action filed in the Superior Court yesterday. Gillis alleges that previously to her marriage to a Bavarian nobleman he loaned Mrs. Thorne \$22,000 worth of diamonds and \$50,000 cash to start a rescue work for fallen women in New York. He seeks recovery of money and gems, and has trailed the woman across two continents for more than two years.

AFTER having trailed Mrs. Orlando O. Thorne across two continents for more than two years, at a cost of thousands of dollars, Franklin A. Gillis located her in Los Angeles yesterday, and through his attorney, C. Randall Sparks, filed suit against her for the recovery of \$22,000 worth of diamonds and \$50,000 cash. He asserts that the woman borrowed the diamonds to wear to a social function and took the money in trust to establish a home in New York for unfortunate girls.

The diamonds, Gillis says, were loaned September 6, 1908, and the money deposited to her credit as bail on September 8, 1908. Instead of returning the jewels or making any pretense to buy or build the home, Gillis charges that she left New York for San Francisco immediately, taking with her his diamonds and his money, and mailed for a foreign country, where she was married to a Bavarian man of title, who is now supposed to be in London.

Realizing that the woman and his valuables were gone, and believing himself duped, Gillis started on the long chase which ended in this city yesterday. He is known in railroad and financial circles, both in New York and in the West. His name was associated with those of Neeland and Newmark in a railroad project last fall. Mrs. Thorne was Miss Etta V. Briggsley when the transfer of jewelry and money is alleged to have taken place.

Gillis avers that the scheme of establishing and maintaining an institution in New York for the purpose of rescuing, instructing and giving proper moral direction to unfortunate girls was first discussed between himself and Miss Briggsley as long ago as 1904, and that they then made an agreement whereby they were each to put a like amount into such a plan. This plan they discussed from time to time, but they were obliged to continue it owing to the fact that Miss Briggsley said she could not get the money at once, although she expected to receive a large sum from an English estate in which she was interested, and which had not been distributed. He says that he turned over the \$50,000 to her upon the exhibition by her of cablegrams, bank deposits and other collateral in securities.

Gillis asks that she be made to appear in court to answer his charges and that she be made to return the diamonds or their value in money and also the \$50,000.

The diamonds consist of one diamond ring, valued at \$2000; two solitaire rings, valued at \$1000, and one tiara, worth \$15,000, according to Gillis.

WIFE MISSING, SEGNO'S GONE, HUSBAND FRANTIC.

WHAT are looked upon as facts of significance in connection with the departure of Mrs. Fred W. Weitzel from this city have reached the nearly frantic husband in the shape of the coincidence of her leaving and the going away of A. Victor Segno, mental culturist, etc., who, for the past twelve years has conducted the "Chirological School of California," at Inspiration Point, corner of Belmont avenue and Kane street.

Segno bade his wife good bye May 6, saying that he was going to Russia to found a school similar to their Los Angeles institution and that he would have headquarters both at London and Paris. Mrs. Irene Weitzel, the wife of a prominent young bond broker, left Los Angeles Sunday, May 7, for Chicago, ostensibly to visit her parents.

Mrs. Segno received a card from her husband at Chicago dated May 10. Mr. Weitzel received a card from his bride of ten months from Chicago dated May 10. Three days later he received another brief communication from the young woman saying that she was having a good time and telling her husband not to be worried if he did not hear from her for two or three weeks. He neither heard from her nor her parents until May 19, when he received a frantic letter from her saying that her husband had sailed from Montreal, Can., for England May 17.

Mrs. Segno learned that her husband sailed from Montreal, Can., for England May 17. She told her husband that she was coming to visit to her parents, and that she would go to Chicago to see some old school friends from Chicago on a visit.

When they went to the depot the Chicago friends were not there, but she said that they were probably aboard the train or that they would get on at River Station. That she had not gone directly to her parents nev-

He carried the film and camera to the residence of the Fry Frits, No. 141 East Thirty-third street, and placed them under the house, in order to avoid the presence of the court.

It was also argued that the defendant did not surrender to Max Youngworth were worthless, and that Harry A. Kelly, whose affidavit was strong against Siebert, was merely an employee of the "moving-picture trust," and had inveigled himself into the home and family of Siebert for the purpose of discovering what he was doing, both as to pursuing the business of picture making and using over his apparatus as ordered by the court.

The pictures, it is said, were made at Edendale, where the moving picture people have a large establishment. The matter went over for a week after a partial hearing.

PROTECTING A PATENT.
SUIT INVOLVES MONEY-MAKING.
The protection of a patent that is according to the statements made by Judge Wellborn's court, has almost netted the inventor \$400,000, who is receiving royalties from 90 per cent of the mining men of the world, from California to the Transvaal, was the question in the Transvaal, was the question in the Transvaal, was the question in the Transvaal.

General News of Interest From Oil Fields.

The annual report of the operations of the Associated Oil Company for the year 1910, submitted by W. S. Porter, vice-president and general manager, puts it in the ranks of the big corporations of the country. Included in the report are the Associated Petroleum Company, the Associated Supply Company and the Bakken Iron Works.

The earnings, after deducting all expenses for operation, maintenance and transportation, amounted to \$4,444,444; less interest on bonds \$1,111,111; depreciation and reserve \$1,111,111; leaving a net profit for the year of \$2,222,222. This is a record for the company, and is the highest in its history. The report also shows that the company has a total of 1,111,111 acres of land, and is producing 1,111,111 barrels of oil per day.

During the year the company moved its operating headquarters from Midway to the Midway, and will use the same as the base of all operations. The company also acquired the Midway and Elk Hills fields, and is now producing 1,111,111 barrels of oil per day. The company also acquired the Midway and Elk Hills fields, and is now producing 1,111,111 barrels of oil per day.

WHAT IS THE MOTIVE?
STANDARD IS PREPARING.
The belief is prevalent in some quarters that the Standard Oil Company is preparing for the purchase of the lower prices by working day and night on its Kern-river tank farm. It is spending over \$500,000. This storage completed the company will be in a position to store thousands of barrels of oil.

On the part of Siebert, it was alleged that the order of the court had been carried out in good faith, and that Harry A. Kelly, whose affidavit was strong against Siebert, was merely an employee of the "moving-picture trust," and had inveigled himself into the home and family of Siebert for the purpose of discovering what he was doing, both as to pursuing the business of picture making and using over his apparatus as ordered by the court.

BACK FROM THE FIELD.
DAWSON IS EXPECTANT.
X Dawson returned from the field last night. He reports that the Midway Five, which he financed, and which is now largely interested in, has made its No. 3 well. It started with a production of 100 barrels a day, and is steadily showing stronger and clearer. The gravity of the oil is 25 deg. Baume, which is above the average for the Midway field. The Midway Five No. 3 well came in eight months ago, and is now producing 100 barrels a day.

ON DIVIDEND BASIS.
The State Consolidated Oil Company, which only three months old has declared its initial dividend of two per cent, a share per share, will close June 15; dividend will be paid on all outstanding shares June 20 on all outstanding shares.

Make Money, Enjoy Life, Grow Oranges and Lemons In LA SIERRA HEIGHTS

There is no occupation in the world today which offers the big financial returns for the delightful employment it represents—as orange and lemon growing. Think of it, the annual net income to orange and lemon growers in California is nearly \$2,500,000.

And there are no orange and lemon lands in the world today—with the brilliant money making future ahead of them, that's now offered in LA SIERRA HEIGHTS. Orange growers in this vicinity are making as a common thing from \$4000 to \$20,000 a year on their 10 and 20-acre groves.

La Sierra Heights has been proven by the most authoritative experts to have the best soil—climate—altitude—water and every other natural advantage to produce the HIGHEST TYPE OF ORANGES AND LEMONS THAT GROW. Accessible to the three great railroads of Southern California, the Southern Pacific, Santa Fe, and Salt Lake. Also the Pacific Electric will soon be extended here.

to put down a 2000-foot well. Should oil be struck it may secure a long lease on 500 acres surrounding that well, and they may select any other 500 acres on the ranch for development work. The remainder of the 22,000 acres is then to be released from the lease. The drilling that is to commence by August 1 may be done at any point the company may select. Since the holdings of Moulton and the Daguerre estate run all the way from Laguna Canyon to San Juan Point and from El Toro to the ocean, the field on which the San Diego men may operate is extensive.

Looking For Light Oil.
W. H. Peterman and three other Boston capitalists will go up to Sulphur Mountain tomorrow with W. E. Smymers of the Atlanta Oil Company. They have come to the Coast expressly to become interested in the oil industry, and will first have a look at the light oil properties of Ventura county.

Events in Local Society

Miss Marie Moulton.

Young society girl from Kansas City who, with her parents, is a guest at the Hotel Hollywood.

MR. GEORGE S. SAFFORD and his daughter, Mrs. Albert M. Safford, have issued cards for a bridge party to be given at the Hershey Arms Thursday afternoon. About forty guests have been invited.

Smart Affair. A smart affair for which invitations have been issued is the tea by Mrs. Charles H. McFarland and Mrs. Dan Larkin McFarland, to be given at the home of the former in Ellendale place, on the afternoon of June 7.

Large Reception. Mr. and Mrs. George Finley Howard will preside at a large reception to be given at the Ebell clubhouse the evening of Friday, June 9, in honor of members of the senior class of the university.

Theater Party. An interesting theater party had for its hostess Saturday, Mrs. Lou Hagman, who entertained at the Auditorium in honor of her sister-in-law, Mrs. A. V. Whittey, Mrs. O. L. Kramer and Miss Gladys Thomas. Tea was served.

At Hotel Alvarado. Oliver H. Bogue of the Rock Island and Railway Company, and Mrs. Bogue, are at Hotel Alvarado for the summer.

Wedding Announcement. Mrs. Lillie J. Blanchard announces the marriage of her daughter, Miss Lydia, to Leo W. Jolton. The service took place Sunday at the home of the bride, No. 1820 Church street, Rev. E. Stanton Hodgins officiating. The young people have been friends since childhood and went to school together in Boston. The bride was attended by her sister, Miss Grace Blanchard. Albert Davenport stood with the groom. Miss Blanchard was a member of the University of Southern California Law School. The groom is a successful mining man.

Surprise Party. Mr. and Mrs. H. F. Cogswell entertained recently with a surprise party in honor of Mr. and Mrs. Arthur Brown, who recently returned from an outing at Catalina. The evening was in the nature of a handkerchief shower, and many pretty gifts were received. Supper was served, and covers laid for Mr. and Mrs. Cogswell, Mrs. B. W. Cogswell, Miss S. Kroppe, Mrs. Bert Weishead, Miss Ada Brown, Miss Anna Hooper, Miss Sutton, Miss Helen Sutton, Robert North, Ernest Landlier, Waldo Landlier and Henry Zorger.

Coming Affair. In honor of the confirmation of their daughter, Miss M. and Mrs. M. Goldberg of No. 753 Whittier street, will be at home to their friends Friday afternoon from 2 to 5 o'clock.

Charming Visitor. Miss Marie Moulton, a charming young society girl of Kansas City, is visiting her parents in Hollywood. Miss Moulton will remain in Southern California for the summer, and make the Hotel Hollywood her headquarters. Miss Moulton has a large circle of friends in Hollywood and Los Angeles, and numerous charming affairs have been arranged in the near future in her honor. She is planning to go to Europe in the fall with her parents and remain for a year traveling.

Bride-Elect Complimented. Miss Beanie Bartlett, whose marriage to Cecil Frankel, will take place the evening of June 6, was the complimented guest at a delightful musicale, last evening, given by Mrs. Phillip Zobel, at her home, No. 3801 South Grand avenue. Mrs. Zobel and Miss Bartlett, who have been associated in a musical way for a great many years, assisted by Oscar Rischbach, presented the programme. Cecilia Bruner roses arranged in charming profusion, gave a festive air to the occasion. About forty-five guests were present.

Home Again. Mrs. Robert McLain and her two daughters, have returned from their trip to Mexico, and are now living at No. 673 Carondelet street.

Trip Ends. Mr. and Mrs. R. H. Bloomington, who were recently married, have just left on a two months' honeymoon trip, which will take them to Colorado Springs, Yosemite and Yellowstone Park. Mrs. Bloomington was formerly Miss C. Metzler, daughter of Mr. and Mrs. Joseph Metzler of South Flower street.

Luncheon for Miss Lyon. Mrs. John Stewart entertained recently at her home at No. 8740 South Hoover street with an elaborate luncheon. The affair was complimentary to Miss Annie B. Lyon, daughter of Mr. and Mrs. Edward M. Lyon of No. 8840 South Figueroa street, who will become the

bride of George W. W. Myers June 15. The table was prettily decorated. Favours were in the form of pink carnations and ferns, tied with bows of pink ribbon. Covers were laid for Mrs. E. M. Lyon, the Misses Lyon, Miss Eretta Myers, Miss Jeanie D. Anderson and Miss Elizabeth MacIntyre.

Wedding Anniversary. Mr. and Mrs. E. Levy celebrated their twentieth wedding anniversary recently at their home, No. 1310 Arapahoe street, with a dinner and theater party. Mrs. Levy was attired in her wedding gown.

Formal Announcement. Jesse H. Draper of Atlanta announces the engagement of his daughter, Mrs. Beanie Draper McKeldin, to Lieut.-Com. Leigh Carlyle Palmer, U.S.N. The marriage is to take place in June.

Wednesday Wedding. One of the most interesting weddings of recent date took place at the home of Claude Fagar, No. 1611 West Forty-seventh street, when his daughter, Edna, was married to Charles Raymond Collins of this city. The bride, who was handsomely attired in white satin, carried a huge shower bouquet of white bride roses. The ceremony was performed under a bower of the same flowers.

Mr. and Mrs. Collins are passing their honeymoon on the Russian River, where they will remain for three weeks. At the end of that time, they will take up their residence in this city.

Will You Buy An Unidentified Flour?

A flour the miller thinks so little of that he will not even put his name on the sack—or the town where the flour is milled.

—A flour not worth identifying in this way is surely not worth using in your home.

—But just look at the sack of—

Globe A-1 Flour

—See how plainly it states—
"Globe Mills, Los Angeles."

—We're proud of the flour made by the Globe Mills—proud that such a flour is made in Los Angeles.

—Globe A-1 is best adapted for all baking — is used by the majority of Southern California women — sells for less than the eastern flours shipped in, few of which are equal to "GLOBE-A-1."

NEW GARBAGE CRISIS.

(Continued from First Page.)

there is absolutely no pretense of complying with the collection specifications, and he says he has determined that the present system can continue no longer. He has made his attitude clear to the board, which supports him.

The contract requires that the contractor use water-tight, clean vehicles to collect garbage and that he shall enter the premises of each householder and remove the refuse. Particular obligations are placed by ordinance on the contractor, yet the latter has constantly ignored all and required householders to bring garbage to the curb or front yard or keep it. The contract also requires special vehicles for the collection of garbage, but the contractor has used ordinary wagons carrying most offensive odors. The board says this must stop.

According to the contractor, if it does stop the work cannot be performed for the money. And because there is no more money in sight, the contractor is ready to give up. A recent effort to have the contractor bring a deplorable condition. The conference last night was intended to discuss what is best to do.

It might be profitable in the long run for the city to procure equipment and take over the work and a release fee, as liquidated damages from the contractor, might help some. In that plan but the city has no place to take the garbage, unless it be the farm near Covina which is a precarious position for any one disposing of garbage.

It is possible in the dilemma that the board will call on the Council tomorrow to take prompt action and authorize some new system under the Board of Public Works.

BY J. ALEX SLOAN.

INDIANAPOLIS (Ind.) May 29.—(Exclusive Dispatch.) The greatest army of racing monsters that ever took part in a gasoline battle lie in bivouac tonight, cocked and primed for the 500-mile race in the Indianapolis Speedway tomorrow.

Never was precious metal or valuable jewels more carefully guarded than are the machines that will be called upon to stand what none of their predecessors have ever undertaken, in a race that is looked upon as the climax of all the world's greatest speed and endurance tests.

All afternoon an army of men scraped and washed and rubbed at the brick surface of the great speedway, using a new chemical preparation which disposed of all oil. All night long special watchmen are guarding the course as if it were a king's private road. Not even were the A.A.A. officials allowed to try the course until the break of dawn tomorrow morning.

Drivers already tired out and worn with the cares of preparation, retired early and their dearest friends and relatives may not get near them, even were they to notify them that their mothers had died. Never in this history of sport was a band of men more carefully looked after.

With worry over the track all but ready, the racing monsters placed under heavy guard and their drivers and their mechanics snugly tucked away in their beds, the thousands of automobile fans breathe a short spell of relaxation tonight, only to break out anew in a fit of speed tomorrow that will cause the oldest followers of the sputtering gasoline motor to forget the weird nights that preceded the great Vanderbilt Cup classic.

Never was there such a cosmopolitan crowd gathered and never were so many touring automobiles lined up in a single city in the history of motoring in this country. The thousands from afar arrived early, while the automobile fans from the nearby cities and towns kept piling into the city in hordes this evening. By 8 o'clock tomorrow morning it is expected that 100,000 persons will be on hand to witness the great battle.

Los Angeles is the best represented of the Pacific Coast towns and San Francisco a close second. Sydney Smith leads the Southern California delegation and he said that the only thing he was sorry about was the fact that Bert Dingley wasn't in the race for him to bet on. Bert and Sydney are occupying the same suite of rooms in the overcrowded and jammed Clay.

REVELRY BY NIGHT AT THE SPEEDWAY.

(BY DIRECT WIRE TO THE TIMES.)
INDIANAPOLIS SPEEDWAY, May 30.—(Exclusive Dispatch.) Camped all over the grounds of the big speedway are automobile parties and thousands of persons who came out last night to witness the start of the big race, and these assured themselves of a fine view of the course.

Never has such a sight been seen, even on the great Vanderbilt course, as the crowds here are concentrated. The camps of the drivers are ready to burst into life at the first streak of dawn which is due in an hour, now, but until the call to the pits everything is quiet as death there.

Only in the other sections of the great grounds is there hubbub merry-making. Fires were kept burning all night and revelry and excitement prevailed everywhere. There was little sleep, but in some quarters the visitors rolled in blankets and dozed.

HONOR GUESTS FAIL TO COME.

SANDWICHES AND BEER SOCIETY, BUT NO CRICKET.

Somebody blundered and the San Diego Cricket Team failed to show up for the scheduled match. Great preparations—not to mention the tea—were all wasted.

The San Diego Cricket Club failed to arrive at the party.

The swiftest sporting event of the season was to have been a match yesterday at Santa Monica, between the Santa Monica and San Diego teams; but at the appointed hour a large and fashionable audience sat surveying an empty pitch with feelings that defy description.

After a long wait, the news was brought that the San Diego club was discovered to be treacherously having a joy ride over the Pacific Coast, and that the meeting adjourned.

It is evident that the San Diego club will lay its apologies before some other day.

P. J. Duffley, one of the charter members of the Santa Monica team, spoke yesterday morning in sorrow that in pain. He said:

"We had a splendid lunch ready for the cricketers at the Boat Club; considerable money had been expended in putting the pitch and outfield in order; 500 chairs had been ordered and were arranged around the field, and a lot of ladies had spent hours making sandwiches, cakes, etc., which were to be consumed during the tea interval. We even had engaged a maid to help the

TWO HARD NUTS.

Cartoonist Buck's Impressions of Tommy Dixon's training camp.

FIGHTING WHIRLWIND IS THIS TOMMY DIXON.

Leave it to Me, He Says.

TOMMY DIXON, a fighting sailor, went into active training yesterday at Doyle's for his match, June 10, with Joe Rivers.

The sensational reputation of the Mexican star has not allied Thomas with any feelings of awe.

"Say, kid," remarked Thomas sentimentally to a reporter for the Times at the camp yesterday, "this Mexican boy is going to think another revolution has broke out when the song rings at Vernon. Of course, he might lick me. I don't know. But you can take it from me, all the fans that are there to see him, do it will know there's a fight going on."

"His reputation? I don't know anything about it. I don't know any good when he gets in that ring with the Irish. I don't even know what the boy looks like. Me? No, I never even saw a photograph of him. All I care about is that he is there in the ring when the bell rings."

Tommy says he doesn't propose wasting any time boxing with Rivers. He says he is going to whirl in and slug.

As this is where Joe Rivers shines, it is evident that there's to be some disturbance at Vernon on the afternoon of June 10.

Tommy made a great impression on the fight fans who saw him go through his training stunts yesterday.

Ad Wolcott, in particular, has taken a great fancy to him. Wolcott and his manager, Tom Jones, were both strong backers of Kilbane in the latter's contest with Rivers and made the loudest roar of approval at the ringside over the decision of the referee.

Ad has volunteered to box six rounds with Dixon at Doyle's next Sunday for the purpose of giving him suggestions for the coming fight.

The reason Dixon is not better known in the boxing world is because he has been in the navy. While a sailor on his bones than Kilbane, who cleaned up the fighting men of his weights in the ports of all the nations.

Dixon now weighs 138 pounds and declares he can easily make 125 pounds at any time. He is very well built, even for the average fighter, and, while light and quick, has more meat on his bones than Kilbane, who recently tackled Rivers. Tommy is as quick as a cat, and reaches out with a variety of blows which makes him

resemble a fighting Tom to a large extent.

During two-round bouts with Kid Snyder and Young Eddie Hanlon yesterday afternoon Dixon showed that he could meet fighters of an entirely different style. He was quick on his feet, could slug or box in the take-and-give mix-ups, and also showed up well as an fighter.

"I have no particular style," he said, while being rubbed down. "I adapt my style to the man I am up against. Whichever style is the most effective is the one I use. I particularly rely on uppercuts to the head and right and left ribs to the body. In the latter I generally slip a left to the stomach and follow with a left and right in quick succession."

One feature that showed in Dixon's favor yesterday was his capacity for prolonged raining of punches. Years in the navy have given him a sturdy frame, with great vitality, and those who saw him in action predict that when he meets Rivers there will be a battle worth seeing.

Dixon fought a ten-round draw with Frankie Conley in Kansas City, where he is regarded as the real goods. His manager, Jimmy Hurst, will arrive from Kansas City today and take charge of him. He will work out at Doyle's every afternoon until the date of the fight.

Recent fights Dixon has engaged in took place in the Southern States.

Patsy O'Rourke Takes Team to the Beaches.

Strenuous Time for Ball Players Today.

Hogan's Boys Resting for Clash With Visitors.

It was an off day yesterday for the visiting ball players composing the team from Sacramento and the members spent the day away from anything resembling a ball park. They walked and probably stirred a little, and occupied the attention of the players who will engage in a double-header with the aggregation from Vernon today.

Capt. "Patsy" O'Rourke, in company with Dutch Lerman, Jimmy Shinn, Ed Van Buren, Chester Nourse, John Williams, Mickey La Longe, and Herbert Byram, went to Venice beach yesterday afternoon, and saw the sights of that point.

They shot the chutes, bowled a little, sent postcards home, examined the ship cafe, weighed themselves, listened to the band music, until they got home, strolled along the ocean walk and probably stirred a little, and occupied the attention of the players who will engage in a double-header with the aggregation from Vernon today.

After watching the crowd disporting itself in the plunge at that point, they could stand it no longer, but secured bathing suits and went in for a swim. The whole aggregation could swim and they had a great time for getting about the next day, and the Vernon team.

Johnnie Williams, who is only some weeks from Honolulu where he first saw the light, showed the ball experts some pointers on swimming. After watching him for a time they discussed remarked that he was no human being, but a duck. No human could take to the water like he did, they said later, unless he belonged to the finny or feathered tribe. Williams is part native Hawaiian and is used to riding surf boards, and is a long breaker of Diamond Head beach.

After they finished swimming the ball players strolled in the city, and with a few old-time friends, returning to their quarters in the Roslyn Hotel about 5 o'clock, well pleased with their outing.

Jimmy Lewis, Chris Mahoney, Chester Thomas, Cecil Thompson, Ben F. Hunt, Frank Arralua, Charlie Baum, James Fitzgerald, Jim Hastings, and Al Heister, did not get up until about noon. They set around the hotel and rested for awhile and then made a few calls on friends in Los Angeles, returning to the hotel to await the return of the others. It was almost remarkable the way the members of the ball team stuck together, just like a large and happy family.

Last night the aggregation visited the Orpheum, Los Angeles and other theaters, in small bunches, retiring early to bed in order to be in good shape for Vernon today. They were watching the "smoke" of the average ball team when not in the limelight, the behavior of the Senators was very senatorial and dignified, in the circumstances.

Hogan's team got in from San Francisco last night, and took a good night's rest in preparation for the two hard games today.

EVERITT MAKES FAST ROAD RUN.

NEAR-RECORD OF CADILLAC ON CHANNEL CITY DRIVE.

Man Who Had Never Driven Car Before Shows Off the Roads at Terrible Clip and Skins Into Los Angeles in the Belief That He Had Lowered All Marks.

Gilbert McNeil, driving an Everitt "thirty" motor, made a run from Santa Barbara to Los Angeles yesterday in 1 hr. 20 m. in an effort to smash the record of the Cadillac. George Adair made the run of 110 miles in 1 hr. 13 m. The record now held by Don Lee's car is 1 hr. 8 m. McNeil lost eighteen minutes on the Channel grades where he was held up by a heavily loaded team.

When the run was proposed McNeil offered to drive the Everitt. He had never handled the wheel of an Everitt motor car until 5 o'clock yesterday morning when he took his first practice spin. He had driven other machines but never once had he tried an Everitt.

There is considerable rivalry in Santa Barbara between the Everitt and Cadillac agents, and when the Cadillac established the present record the Everitt people determined to lower the mark. It was hard to secure a driver and at the last minute McNeil was signed up and took the helm. His brother, L. A. McNeil, drove with him, taking the place of mechanic.

Ralph T. Ogilvie, an enthusiastic autoist of Santa Barbara and J. J. Trant of this city were the other two who rode in the tonneau of the thirty-horse-power speedster. The quartet left the Channel City at 10:10 o'clock yesterday morning, and shot away for the Casitas Pass which is in bad shape.

Entering the Casitas the Everitt encountered the motorcycle paraders on the endurance run. The boys were returning from Napier, and held the Everitt back, and in the center of the grade after passing the twenty-four bunches, the car held up again. This put McNeil practically out of the running, but he kept on at a terrific pace, and reached The Times office at 2:38 o'clock yesterday afternoon.

Ripping along over the roads at a terrific clip the run was remarkable from the fact that McNeil was unfamiliar with the thirty-horse-power machine. He was also careful to observe the speed ordinances all the way when inside the limits of any town, and the Everitt crawled through Ventura.

The car was sent back to Santa Barbara last night over the roads on another fast run, but McNeil did not drive. He did not know until late last night that he had failed to break the record as the exact time of his departure was kept from him. He stated last night that he will try again for the Cadillac's mark and said he expects to win next time.

BERRY FAILS TO LAND BIG LEAGUE PITCHER.

Clarke Griffith Shuts Him Off and Bresnahan Keeps Him Guessing—Cincinnati Manager Boasts of His Twirlers but Falls to Loosen Up on His Spare Talent—Barney Schreiber, the Man Los Angeles Is After, but the Reds Intend to Keep Him.

[BY DIRECT WIRE TO THE TIMES.]
ST. LOUIS, May 29.—[Exclusive Dispatch.] After a conference which lasted more than two hours at the Southern Hotel, this morning, between President W. Henry Berry of the Los Angeles Baseball Club and Manager Clarke Griffith of the Cincinnati Reds, it was announced that no deals were effected at this meeting.
According to the dispatch received in St. Louis, President Berry has come East in an effort to land two more twirlers for the Los Angeles club. He said that he had heard Griffith was anxious to give Pitcher Barney Schreiber, who was drafted from the Three I League last fall, to another club for a shortstop. Therefore his trip to St. Louis was partly to see Griffith and partly to see Manager Bresnahan of the Cardinals.
"I shall certainly not allow Schreiber to get out of the Cincinnati Club," said Manager Griffith tonight. "Every one of these men can at a great clip as a usual rule and every one of them has pitched great ball in the major leagues. The only reason I would not allow Schreiber to go is that I have never seen him work in regular ball. I believe that later there might be something doing, but not yet."

TOMMY DIXON.

(Continued from First Page.)

He defeated Willie Gibbs in New Orleans in ten rounds, winning the featherweight championship of the South. He defeated Tommie Bresnahan at Kansas City in three rounds by the knockout route and has a large list of smaller fry to his credit, including Yankee Schwartz of Memphis.

Personally, Dixon is modest and courteous, having a friendly word for everybody. He declares he loves the game and, judging from the vim with which he went after his sparring partners yesterday, he certainly liked it better than they did from the time being.

"Take it from me, he is going to get Joe Rivers' goat," declared Kid Snyder, feeling his left ribs again, after two rounds of boxing milling. "He is with a real punch, and is some clever on his feet. He will certainly give Joe Rivers a run for his money."

Joe Rivers has not yet found training quarters. He put in all day yesterday hunting, but without success. He hopes to find a place today.

BRITISHER TO SHOW FRIDAY.

[ASSOCIATED PRESS NIGHT REPORT.]

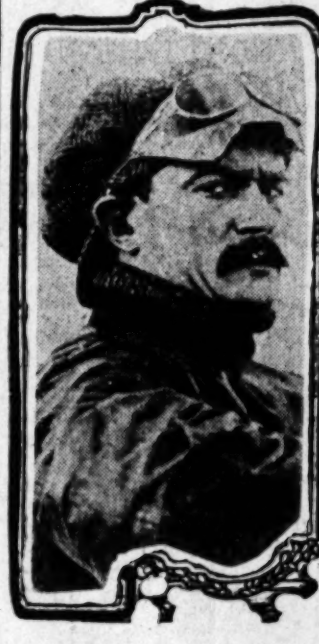

NEW YORK, May 29.—Matt Wells, the lightweight champion of England, will show his mettle against his first opponent in this country. The two boys have been matched for the fight at Madison Square Garden on Friday night.

The weight agreed upon is 135 pounds at the Madison Square Garden. The fight will be a ten-round affair, with a fifteen-minute rest between rounds.

CROSS BEATS FRANKLIN.

NEW YORK, May 29.—[Exclusive Dispatch.] Leach Cross earned the honors over Benny Franklin tonight at the Olympic Athletic Club. After the first three rounds Cross had the better of all the decisions and at the end of the fight he was declared the winner by a unanimous verdict.

Franklin was knocked out in the fourth round and was taken to the hospital. He is expected to make a full recovery.

INDIANAPOLIS RACES.

race, Totzfall said that he thought in the showing the cars had made before the race, but he believed the Losier team over the others and favored that the Nationals have a good second chance.

Bert Dingle has lined up the race better than any of the experts here and many of the game Los Angeles and San Francisco motor fans are taking his tip on how to bet on the big contest. Bert had the following to say about the Nationals and the drivers and cars taking with the various team managers:

"If I look over the National way, that is, I give them a little bit over the others because there is harmony in the race, but I believe the Losier team will be up in the race most of the way, but won't compete on a treacherous course such as to use Dingle as a relief driver, but Bert laughed at them and he says before the race is over, he will wish they had stayed out of the race."

"I look to see a lot of accidents," said Bert, "and if there are no deaths will be miraculous, when four cars, with the speed possibilities of those entered in the race, try to compete on a treacherous course such as the Indianapolis speedway is at the present time. There will be accidents and serious ones."

Sydney Smith, the Los Angeles auto fan, had the following to say after watching all the cars in practice:

"I believe the Fiat team has a fine show to win and I am glad to take a chance on them. I see by the books that are being made they are being favored in the race, but I believe the Nationals have an even chance to win."

Late tonight the bookmakers were quoting the odds of 6 to 1 on the Nationals, 4 to 1 on the Losier team, and the other cars at 10 to 1.

BIGELOW SORE.

Driver Bigelow of Los Angeles is about the sorest auto pilot that ever lived. He said this evening that he had failed to qualify in the preliminary speed trials because he had been given the slower of the two cars. He was to drive the faster car, but that remains to mar the success of the great event tomorrow is the weather and the promise is good that it will be better today.

which came pretty near breaking local mercury records.

Bert Dingle says that if the weather is good the speed will not average faster than seventy-two miles an hour. If the weather is bad, he says, it will be slower.

Between seventy-five and eighty miles an hour. But Burman was the hero of the day after his record-making performance this morning in the speed trials at the speedway, and the fact that he is the fastest driver in the South are to be fore.

Burman tried three times to beat Oldfield's mark of 25 62-100s, for a mile and on the third trial got the mark to 35 12-100s.

The half-mile and the quarter-mile races were dropped a few hundredths of a second, making the former in 15 82-100s and the latter in 7 82-100s.

Oldfield's mark for the half-mile was 15 12-100s, and for the quarter-mile 7 12-100s.

Bill Hickens arrived from Chicago this evening and was notified by the A.A.A. officials that he would not be allowed to cross the track. Bill was the center of more attraction than any one else in Indianapolis outside of Barney Oldfield.

TEN-MILE FOOT RACE.

Twelve athletes are entered in the foot race that is to be run between Pasadena and this city this morning. The long grinders are scheduled to start from Hotel Ogden at 9 o'clock and it is expected that the fastest will reach the finishing point, No. 442 South Spring street, about an hour and a half later.

The names of the men who are to compete follow: Calligaro, Sharon, Raffell, Romero and Robinson, attached; Lester McMurray, Los Angeles Athletic Club; Kopp and Robertson, Southern California Athletic Club; Reclair, Dougherty, Zettachol, Y.M.C.A.; Richardson, U.S.S., California.

The course will be on Fair Oaks avenue and Colorado street, to Hotel Raymond, thence to Ontario Park, and on Huntington drive to Eastlake Park, where the athletes will run down Main street to Temple Block, then on Spring street, to First, to Broadway, to the Mercantile place, to Spring street.

Flies Through Fence.

FOR WAYNE'S CITY, one of thirteen starters in the ten-mile motor-cycle race was a feature of the opening day of the aviation meet at Driving Park, plowed through the fence of the track and sustained probably the most serious injury. He was unconscious. Hughes was going sixty miles an hour and was lost a cloud of dust. The race went to Walter Kiel in 10 m. 49 1/2 s.

[ASSOCIATED PRESS NIGHT REPORT.]
AVIGNON (France) May 29.—A series of slight accidents impeded the progress of the aviators competing in the Paris-Rome-Turin flight, which was begun yesterday just outside the French capital. Practically all of the aviators are repairing their machines and are keeping in the contest.

Roland Garros and Andre Beaumont, who were first and second respectively to cross the starting line yesterday, and who arrived here last night, continued their flight today from this city to Nice, the end of the first stage, both men meeting with motor trouble.

Garros was forced to land a short distance from Avignon and Beaumont came down at Brignoles.

Frey, the German aviator, and Kimmerlin, arrived here today. They were cheered by a huge crowd. Kimmerlin, after partaking of a hasty luncheon, resumed his flight toward Nice. Henry Weymann, the American, is still repairing his machine at Troyes, ninety miles east of Paris.

A strong wind and a big sea probably will prevent the aviators from crossing the Mediterranean to Genoa for the present.

The other contestants are reported to be trailing along the course from Paris.

MOTOR TROUBLE.

[ASSOCIATED PRESS NIGHT REPORT.]

BRIGNOLES (France) May 29.—Andre Beaumont, the French aviator for who landed here on account of motor trouble, repaired his machine's engine and resumed his flight toward Nice this afternoon.

Garros, Roland Garros, Roland Garros's machine was damaged. He procured another and resumed his journey. Nagey broke a propeller and abandoned his aeroplane and returned to Paris. Manisiers is at Avallon with his machine broken.

OUTDOOR SPORTS TO HOLD FORTH.

MANY ATHLETIC EVENTS ARE TO BE HELD TODAY.

Tennis and Golf Matches Top List of Amateur Competitions—Foot Race From Crown City to Los Angeles to Be Conducted This Morning.

Devotees of the outdoor life will have a busy time today in various branches of sports. At 9 o'clock, tennis, cricket, swimming, harness racing and track and field competitions are to hold the center of the stage.

With boxing contests under the ban on Memorial Day, professional baseball is the only competitor of amateur sports, and it is likely that the various amateur events will attract more spectators than usual, in addition to providing hundreds of contestants the opportunity to "raise" a healthy perspiration.

The Los Angeles Country Club is to formally open its new plant at Beverly and golf and tennis play will be conducted all day. At San Gabriel and Annandale, golfers also will be busy. Tennis will hold forth at Hollywood and Huntington Park, where match tournaments are to be played.

The foot race from Pasadena to this city will give the followers of track athletics a forenoon treat. The runners are scheduled to leave Hotel Green, Pasadena, at 10 o'clock and it is estimated that the winner will arrive at the finishing point, at 442 South Spring street, about 11:25 o'clock.

The Pasadena Driving Club is to stage harness races at Tournament Park, Pasadena, at 1:30 o'clock. The fastest harness races in the South are to compete and the races promise to be interesting.

The youth of the city will have a big time at four playgrounds—Hazard, Slauon, Violet and Echo—where track and field events are to be held in the afternoon at 2 o'clock. Innumerable amateur baseball teams will occupy all the available acreage within the county limits from early morning until sunset.

At the beach informal athletic contests will be held by picnickers. Aquatic sports are to be conducted at the Venice plunge tonight.

COUNTRY CLUB OPENING.

GOLF AND TENNIS ON TAP.

The long-awaited opening of the beautiful new Los Angeles Country Club at Beverly is to take place today, and besides the interesting tennis and golf tournaments, which are attracting all the best local players, society will flock there in regiments. Open house will be kept between 3 p.m. and 6 p.m. when members will be allowed to bring any or all their friends to enjoy the hospitality of the club.

The view from the wide stone porches is exceptionally fine, and tea will be served on the sheltered side, whence play on the links can be easily followed.

The tennis tournaments are for men only, and are divided into Class A and Class B. A few of the matches were played off Sunday, leaving only the finals for today.

In Class A singles on Sunday, A. V. Duncan will meet in singles, the winner to play Frank Brady for the prize. The first thirty-two not scores will draw off for match play during June.

Extra prizes are being offered for the best gross and handicap scores. The winners prophesied are Norman Macbeth, Judge Frederickson, John W. Wilson, W. R. Miller, and George Schneider.

BILLIE BURKE, INGENUE CHAMP.

Lovely Little Actress Is Irresistibly Youthful.

Her Latest Play, "Mrs. Dot," at the Mason.

Large Supporting Company Includes Local Girl.

What matters it what Billie Burke plays, as long as she plays Billie Burke? Certainly no fictional character

—and, a very big "and," too, 100,000 pounds a year.

A young aristocrat, high-bred and penniless, falls in love with her. She falls in love with him, but he does not ask her to marry him. She is used to having what she wants, and as she wants him, she proposes in his stead. And he refuses!

Reason: he feels in honor bound to another girl.

How this affair is shown to be not very serious and how the affair between himself and Mrs. Dot comes to a happy and logical conclusion, forms the rest of the play.

Maughan has written a light, never heavy comedy in his very best vein. As a mirror of small talk and polite manners Maughan has no superior among contemporary writers.

Miss Burke plays Mrs. Dot with gleeful abandon and a considerable degree of art. Billie Burke is maturing. Not many more seasons will she remain the adorable ingenue. There is far more of the woman about her than when we first saw her, yet youth is still gloriously triumphant in her make-up, and so far she is really what she seems—a young girl at the spring-time of life.

In Miss Burke's excellent company we find, first of all, our own talented Carol McComas, who, in her few

"GIRLS SHOULD ALWAYS DRESS THE PART," SAYS BILLIE BURKE.

LISTEN, all ye Maudie Freshies and Floasie Tippy-Titties on Broadway, for behold, Billie Burke, your vestal virgin, hath spoken.

Herself picture-perfect, Billie says: "Girls, you must dress the part."

Probably she's never heard that Frenchly worldly wise saying: "If you want to keep a man in love with you, you must be something of an actress." But its corollary: "Dress the part," she emphasizes with the pressure of a pink-finger tip in the center of a tender palm.

Radiant, sweet, round, girlish, seated before her mirror, in her white dressing-room at the Mason, "surrounded by bonnet and box and glove, and a thousand things that women love, but no man knows the name thereof," she might have been a model for "Maiden Dressing for Her First

put them where they could look at themselves in the glass.

It was just then I cried, quite irrepressibly: "Why, you just look as if you grew here!"

And she answered, fluffily solemn: "Girls should always dress the part. If you know how to dress a part, you will rise to better parts. I don't mean on the stage, merely, I mean all through life."

"Only duchesses can afford to be frumps," she said, applying the powder puff to her nose, "you don't dress like a misplaced marchioness; if you are a stenographer, you don't dress like Mary Ann out for an afternoon; if you are a charity worker, you don't dress like an adventuress."

"And you cannot be merely super-

Billie Burke.

Smiling her eternal, dimpling smile into a Times camera, yesterday afternoon. Miss Burke has taken a rose-bowered, mission-walked cottage in the Crown of the Valley, and will rusticate in sunshine and blossoms during her Southern California week. A powerful 1911 model whirls her to the stage door of the Mason just in time for the evening performances, and back to the quiet suburban night as soon after the fall of the last curtain perils.

could be so charming, so dainty, so irresistible, as this delicious little ingenue-in-matinee, the greatest of her class on the English-speaking stage.

Billie Burke returned to us last night, at the Mason, in "Mrs. Dot," a comedy by Somerset Maughan. It was in a Maughan comedy, too, that she made her first appearance before Los Angeles audiences, completely capturing them before the end of the first scene. This—if my memory is correct—was "My Wife," in which she supported John Drew—the "support" being extended about as much on Drew's side as on Billie Burke's.

Next she appeared in "Love Watches," a French specimen which, when directed of her ethereal personality, we find to be of very little value. "Mrs. Dot," her third vehicle in America, is an English society satire. The heroine is a youthful widow, whose late husband was a brewer of considerable financial achievement. So Mrs. Dot has beauty and brains

years upon the stage, has been whittled, anger, comedienne, and is now a legitimate actress. And in all her fields she has been a distinct success.

Fred Kerr, a clever London player, who is making his second visit to Los Angeles this season, is also in the company.

The leading man is Julian L'Estrange, husband of Constance Collier, with whom he will play in "Thais" next year.

The balance of the company includes Frank Hollins, G. Harrison Carter, Ross Rand and Anne Edmond.

Hollywood Tennis.

The lawn tennis season at Hollywood is to be formally opened this morning when the Hollywood Club will meet the South Hollywood Club in a match tournament. Play is to begin at 10:30 o'clock. Each club will be represented by ten players and the events will consist of singles and doubles.

Ball," or "Spring," or "Psyche Awaiting the Coming of Cupid," or any other delicious title you can think of. She was a monument—if you can call anything so round and delightful as Billie, a monument—to the power of beauty.

Never mind if I am hysterical. You'd have been, too. For, while some girls can make everybody love them some of the time, and others can make some people love them all the time, Billie Burke makes everybody love her all the time.

Why, Billie just looked, with those soft, round shoulders of hers, from which her pink silk kimono had fallen, and with her golden hair hanging down her back, like a little girl waiting to be taken to her first party—Dora Copperfield sort of person—and you didn't feel she'd have been mad if you had told her to turn her toes out and mind her pinafore!

With one of her sweet little made-to-order impulses, Billie rose and held out her hand. She took her pink satin slippers off a chair and

ficially well dressed," she went on, resting a plump elbow on the arm of her chair. "I know a woman superficially well dressed—she always wears black—but somehow she always gives me the impression of soiled lingerie. Not a bit nice of me, is it? You have got to be dainty through and through."

Not that Billie's a compelling person. She's an appealing person. People have wondered at her youthful success, but I don't know. What old wizened, dried-gizzard old buzzard of a manager could resist her, no matter what part she might want to play. I can fancy her looking up softly and saying: "Please may I play Juliet?"

"Oh, yes, indeed, please play Juliet"—or—eh, yum-yum—or—Hamlet, or—er dots and ten parties, or—oh, hang it all, play anything you want to, only don't do or get mar-

Has paid in cash dividends over 20% of the original investment to its stockholders who have owned their shares two years

"HOME BUILDERS" has paid a cash dividend every three months of its three years existence, so that for the whole period it has paid cash more than twenty per cent, but only two years are used in the above illustration, because it was not until near the end of the first year that a general offer of its shares was made the public, for, characteristic of the enterprise its management was, and is, conservative enough to prove their ground before offering its securities for popular purchase.

Today you have the assurance of constant cash dividends backed by a surplus of more than \$275,000.00. The policy of no speculation rigidly enforced and a profit paying proven by performance to assure the stability of your investment in its shares.

Guaranty Shares Will Advance to \$2.25 Next Saturday Evening at 9 o'clock

With all the assurance and strength the enterprise presents, you are given a written guaranty which fortifies you against loss of principal or earnings while your money is invested. A Guaranty which protects you and "HOME BUILDERS" alike, a guaranty which is simple yet explicit.

Shares today are \$2.20, on Saturday evening at 9 o'clock they will advance to \$2.25, and on July 1st, will again advance to \$2.30. To decide now means a 10c per share saving in sight, and, on July 31st, you will be entitled to the dividend for the 14th quarter then to be declared.

This cash dividend together with the 10c per share saving means a 6 per cent. earning for that short period.

You Can Buy Guaranty Shares for Cash or on Easy Monthly Payments

ladies, and had everything ready for the two teams.

"At 10:30 o'clock, the time appointed for the game to commence, a large crowd had gathered to greet the visiting team. I cannot understand why they put us off at the last moment. Surely they could have telephoned yesterday morning or at any rate sent a message by one of their own people and saved us all this unnecessary expense and waste of time. I purposely cancelled several important business engagements in order that I might act as one of the hosts and play in the match."

"A. H. Collins and H. Lewis have worked hard during all last week putting the ground in order in anticipation of this game. The ladies who have always helped on such occasions spared no pains to show the utmost hospitality to the San Diego men, as the beach eleven were so well received at Coronado last week."

The failure of the San Diego team to put in an appearance was due, of course, to a misunderstanding. After the match Sunday, it was understood by the Santa Monica team that the next game should be Monday, but the San Diegos understood they were to have one day of rest before the match at Vineyard today.

SHAFER MAKES PERFECT SCORE.

Member of Local Police Force Is One of the Stars on Motorcycle Endurance Run.

J. H. Shafer, member of the University police squad, was one of the motorcycleists to make a perfect score yesterday in the endurance run to Naples and back. Shafer has figured in some of the classic motorcycle runs ever held in this city and about two years ago was world motorcycle champion. The feature of his riding yesterday was the consistency of his speed on the grades. He sent the Thor
